CLASS 343: Cloverleaf

Objective: To demonstrate effective communication and maneuvering on a cloverleaf pattern.

Equipment: Liberty Performance

Arena: Gymkhana Arena

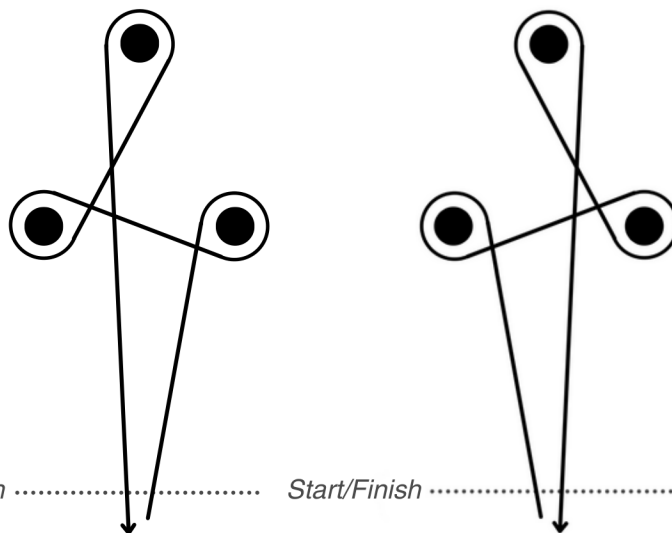

All Gymkhana patterns should be performed in flat arenas that are clear of other obstacles, have safe footing, and must be enclosed in a safely fenced area. This pattern includes use of 3 barrels and a clearly marked start/finish line (can be made from sand/powder that contrasts the arena footing, or visual markers on either side). Specific construction is up to the competitor but must be safe and not provide any unfair advantage.

Setup/Distances

Left-Hand Pattern

Right-Hand Pattern

Liberty Classes: Calm Default, Backing

Objective: To demonstrate an effective, solid, and fluid calm default behavior at liberty.

Regulations: Liberty Handling

CALM DEFAULT - SIDE

From either side of the equine, the handler should stand still (vocal or stationary body language cues permitted). The equine should stand calmly and patiently with their head forward or away from the handler, ideally with a low headset (poll below the wither)

CALM DEFAULT - FRONT

From the front of the equine, the handler should stand still (vocal or stationary body language cues permitted). The equine should stand calmly and patiently with their head down or away from the handler, ideally with a low headset (poll below the wither)

BACK AWAY, 2 STEPS

From the front of the equine, the handler gives their cue. The equine backs two steps away from the handler, who must remain stationary during backing.
